

Don't Panic!

QUIXX Helps You Get those Last Minute Father's Day Gifts

Miami, FL, June 5, 2008 – Does he really need another tie? We didn't think so. Father's Day is one week away and if you still haven't figured out what to get Dad, we're here to help. QUIXX Care System offers a complete line of German-engineered car care products that are sure to make Dad look good, and we're talking way beyond his wardrobe. If the special dad in your life owns a car, motorcycle or boat, read on!

QUIXX HIGH PERFORMANCE PAINT SCRATCH REMOVER

Rated the #1 scratch remover by leading media outlets, QUIXX High Performance Paint Scratch Remover is QUIXX Care System's star product that removes minor scuffs and scratches from all paint finishes. The system works through a process that uses the car's own paint, in which the paint material surrounding the scratch fills in the scratch gap, permanently removing it from the surface. The first step uses a special repairing solution to physically remove the scratch, while the second step uses a finish to give the surface its final shine. Suggested retail price: \$19.95

QUIXX HIGH PERFORMANCE SCRATCH REMOVER FOR ACRYLIC GLASS & PLEXIGLAS®

The same engineering that made QUIXX High Performance Scratch Remover so successful has now been applied to Acrylic and Plexiglas®. QUIXX High Performance Acrylic Scratch Remover quickly and easily removes scratches from acrylic and Plexiglas® surfaces including headlamps, rear lamps, dashboard, wood trim with clear coat, motorcycle windshields, RV windows, boat windows, aircraft windows, and even acrylic glass bath tubs and furniture. QUIXX High Performance Acrylic Scratch Remover restores surfaces to a scratch-free finish, making them look like new. Suggested retail price: \$14.95

QUIXX HIGH PERFORMANCE WAX

QUIXX High Performance Wax is the most effective and simple way to give your car's paint long lasting protection. Perfect for all types of car paint including clear coats and metallics, QUIXX High Performance Wax provides high-tech protection using a concentrated anti-rust formula that is safe and easy to use. The concentrated formula allows you to get more uses out of the product than other non-concentrated products. QUIXX High Performance Wax is an out-of-the box experience. Everything you need including a special sponge and a smooth

polishing cloth comes right inside the box, so there is no need to purchase extra materials. Using the Smart Pump Tube for precise dosage and application, the wax can be applied onto a wet or dry vehicle and will leave your car looking as good as new. Suggested retail price: \$19.95

QUIXX HIGH PERFORMANCE POLISH

QUIXX High Performance Polish is a 3-in-1-care system that cleans, polishes and protects your car's paint. Utilizing high performance polishing compounds, the polish revitalizes old paint and removes minor scratches, fine swirl marks, dull spots and other imperfections, bringing the car's body back to its original shine. German engineered, QUIXX High Performance Polish provides high-tech protection using a concentrated anti-rust formula that is safe and easy to use on all types of paints including clear coats and metallics. The concentrated formula allows you to get more uses out of the product than other non-concentrated products. QUIXX High Performance Polish is an out-of-the box experience. Everything you need including a special sponge and a smooth polishing cloth comes right inside the box, so there is no need to purchase extra materials. Using the Smart Pump Tube for precise dosage and application, the polish can be applied onto a wet or dry vehicle and will leave your car looking as good as new. Suggested retail price: \$19.95

Mean & Green

Dads will not only be happy caring for the car with QUIXX products, but they will also feel environmentally responsible while doing so. Both QUIXX High Performance Paint Scratch Remover and QUIXX High Performance Acrylic Scratch Remover do not use volatile organic compounds (VOCs), which contain high vapor pressures that are harmful to the environment. The exclusion of VOCs from these products is not only good for the environment; it also helps the product perform better on your paint, acrylic and Plexiglas® surfaces.

About QUIXX Care System

QUIXX Care System specializes in creating uniquely engineered products for the car care market. The company's star product, QUIXX High Performance Paint Scratch Remover, was rated the #1 scratch remover on the market by various national media outlets. It is also the recipient of the prestigious TÜV (Technical Inspection Agency, www.tuvusa.com) inspection certificate, which is presented to products that pass strict testing procedures. QUIXX High Performance Paint Scratch Remover was awarded the certificate based on its effectiveness, paint compatibility, environmental safety and other specific criteria. It is the first

created by E.V.I. GmbH of Germany, which was formed in 1992 with a specific goal in mind: to find a way to effectively remove scratches from synthetic materials. The study of surface technologies is E.V.I.'s core competence and the company has launched several brands of scratch removers for different purposes under their umbrella including QUIXX High Performance Paint Scratch Remover, QUIXX Polish, QUIXX Wax, Displex and Xerapol. E.V.I.'s products are sold in more than 50 countries worldwide.
